Executive Summary

A highly motivated aspiring software engineer with a solid foundation in software development, web technologies, and problem-solving. Demonstrates adaptability and teamwork skills, with a strong eagerness to apply technical expertise in real-world projects and professional environments.

Education

Mailam Engineering College, Villupuram, Tamilnadu

B Tech in Computer Science and Business Systems

2022 – 2026 — **CGPA: 8.37**

Sri Annai Rani Convent Hr. Sec. School, Pondicherry

HSC – 2022

Percentage: 76.67%

Santa Clara Convent Hr. Sec. School, Pondicherry

SSLC – 2020

Percentage: 89%

Skills

Programming: **Java** , **JavaScript** , C

Frameworks/Libraries: **React.js**, Bootstrap

Tools & Platforms: VS Code, Eclipse, Git & Github

Operating Systems: Windows

Certifications

- **Azure Fundamentals** – Microsoft
- **Website Development** – Nativeva
- **Java Programming Fundamentals** – Infosys SpringBoard
- **Cybersecurity Virtual Internship** – Eduskills

Projects

PhishShield — *Browser Extension*

- Built a real-time phishing detection extension to enhance web browsing security.
- Integrated ML-based URL analysis and Google Safe Browsing API for threat detection.
- Tech Stack: JavaScript, Python (Flask), Pandas

Expense Tracker – *Web App*

- Built a responsive web app to manage personal income and expenses.
- Designed interactive charts for clear expense visualization.
- Tech Stack: React.js
- Project URL : <https://expense-tracker-using-react-js-pi.vercel.app>

Internship

GENESYS — *Computer Vision & Data Visualization Essentials Intern*

- Explored techniques to evaluate model accuracy and performance.
- Gained exposure to core computer vision concepts and image preprocessing.
- Tech Stack: Python, NumPy, Matplotlib

TECHNOVO SOLUTIONS — *Web Development Intern*

- Completed a 15-day internship focused on React.js-based web applications.
- Gained hands-on experience in building and optimizing frontend components.
- Tech Stack: React.js, JavaScript, HTML, CSS
